### 1 Conditions for restarting your insurance cover

This form is for members whose insurance cover stopped because their Super Savings – Corporate Accumulation account did not receive an 'eligible contribution'<sup>1</sup> over a 12 month period. If your insurance cover stopped for any other reason, then you cannot restart your cover using this form.

To restart the insurance cover you held immediately prior to your cover stopping, this form must be received by Australian Retirement Trust within 60 days of the date your insurance cover ceased. If accepted, your cover will be reinstated and backdated to the effective date that it stopped.

You should be aware that:

- Standard cover based on the default option will automatically restart upon receipt of a Superannuation Guarantee contribution, and only if you have also met the Standard cover eligibility criteria of attaining age 25 and your account balance reaching \$6,000. If you have previously requested a cancellation of your cover, your cover will not automatically restart.
- Where cover is reinstated after 60 days, you will not be able to make a claim for the period between when your cover stopped and when it restarted. Any cover reinstated after 60 days will be provided as 'limited cover' until you've been 'at work' for 30 consecutive days.
- Please refer to your Super Savings – Corporate Insurance Guide available at [art.com.au/cbasp](http://art.com.au/cbasp) for more information and any additional conditions that may apply.

<sup>1</sup> 'Eligible contributions' include superannuation guarantee (SG), additional 'employer contributions', personal contributions (including voluntary contributions and contributions made by a spouse), rollovers and automatic transfers from other funds. They do not include government co-contributions or the low income super tax offset.
