Super-savings account

The following contains further information relevant to your account as well as descriptions of some of the possible items that could appear in a statement. If there are items detailed in these Notes that don't appear on your statement, don't be alarmed. This simply means they aren't relevant to you for this year.

If you would like any information on the items which appear in your statement, please contact us on **13 11 84**.

Sunsuper 2020-2021 Annual report

Super funds are able to provide members with their annual report by making it available on their website. From November, the Sunsuper 2020-21 Annual report will be available at sunsuper.com.au/annual-reports. If you would prefer a printed copy free of charge, please contact us and we will send you one.

Updated indirect cost ratios

We recently updated our Product Disclosure Statements (PDSs) to reflect changes in the indirect cost ratios as a result of new information received since 1 July 2021. Please go to sunsuper.com.au/pds-guides/update or your employer plan's Sunsuper for life Corporate or Sunsuper for life Business microsite for more information and to view the updated indirect cost ratios.

Call us on **13 11 84** for a hard copy of the updated information, or to change your communication preferences.

Sunsuper's Capital Guaranteed investment option closed on 31 December 2020. Between 1 July 2020 and 31 December 2020, the option returned 0.2%.

¹ The Balanced Pool commenced on 4 October 2013. The Balanced Pool has identical investments to the Balanced investment option. To show our performance for the Balanced Pool we have shown the returns for the Balanced investment option up to 4 October 2013 with the returns for the Balanced Pool from 4 October 2013.

² The Retirement Pool commenced on 4 October 2013. The Retirement Pool has identical investments to the Retirement investment option. To show our performance for the Retirement Pool we have shown the returns for the Retirement investment option (adjusted to reflect fee differences) up to 4 October 2013 with the returns for the Retirement Pool from 4 October 2013.

³ The Cash Pool commenced on 4 October 2013. The Cash Pool has identical investments to the Cash investment option. To show our performance for the Cash Pool we have shown the returns for the Cash investment option (adjusted to reflect fee differences) up to 4 October 2013 with the returns for the Cash Pool from 4 October 2013.

⁴ The Diversified Alternatives investment option commenced on 30 September 2017. Between this date and 30 June 2021 the option returned 8.9% p.a.

Note: Past performance is not a reliable indication of future performance. Returns are after investment fees and costs and investment tax. A super fund's investment performance typically varies over time. Because super is a long-term investment, five and ten-year figures smooth out short-term results – for example, in a given fund over a five year period, a growth option might have a negative return for one year but a positive return for the other four years, giving an overall result that is positive for the five years. The returns shown above are not necessarily the same as the return on investments held by individual members. The actual return received by individual members will depend on the timing of payments and other transactions and the unit prices that applied on the dates those transactions took place.

Your account at a glance

Balance as at 1 July 2020

This is the amount you had in your account at 1 July 2020. Had you left Sunsuper then, your withdrawal benefit would have been this amount.

Balance as at 30 June 2021

This is the amount you had in your account at 30 June 2021. Had you left Sunsuper then, your withdrawal benefit would have been this amount. Your balance is calculated by multiplying the number of units you have in each investment option by the unit price for each option. As the unit prices are calculated on a daily basis, the value of your account may change daily. If you are leaving Sunsuper you should contact us to find out the value of your account at that time.

Investment returns to 30 June 2021.

This section shows the 1, 5 and 10 year return for investment options you were invested in as at 30 June 2021. This is not necessarily the same as the return you received as the actual return received by an individual member will depend on the timing of transactions and the unit prices that applied on the dates those transactions took place.

Where am I heading - Superannuation projection assumptions

If you were provided a superannuation projection with your *Annual statement*, below are the mandatory Government assumptions used to calculate the estimate.

What this estimate means

The projection is just an estimate, not a guarantee. The actual money you get in your retirement may be very different from this estimate. The amounts are shown in today's dollars. This estimate does not consider any other superannuation accounts that you may hold or other assets that you own.

How the estimate is worked out

This estimate has been worked out using these assumptions and figures:

- your balance in your super fund as at 30 June 2021 as stated on your *Annual statement*
- your wages will increase at the same rate as inflation
- investment earnings of 3% per year after inflation and investment fees and costs
- annual Administration fees and costs equal to the amount stated in your *Annual statement* (note that these amounts may change over time)
- your rate of super contributions during the previous year will continue unchanged until retirement
- you retire at age 67
- you want your super to last for 25 years, that is, until age 92. Around one in six men and one in four women who reach age 67 will live beyond age 92
- annual insurance premiums as stated on your *Annual statement* (note that this amount may change over time)
- current tax and superannuation laws remain unchanged.

These are standard assumptions and have been set with input from the Australian Government Actuary. They may not match your actual circumstances either now or in the future. Also, the figures used may differ from those shown in your *Annual statement*. The annual income shown does not include any deductions for income tax you may have to pay. If you want to know more about the way this estimate has been calculated, or the assumptions, call us on **13 11 84**.

What you will actually get when you retire

The actual amount of money you get in retirement may vary considerably from the estimate. Factors that influence what you will get include:

- the investment options you choose (e.g. Conservative, Balanced, Growth),
- the performance of your investment,
- the total fees charged in relation to your account,
- when you retire and get access to your super,
- the super contributions you and your employer make,
- whether you choose to buy an account-based pension or non account-based income stream when you retire,
- any allowance you make for a pension for your spouse or partner, and

- whether you receive any age pension or other government benefit.

This estimate has been calculated assuming all current rules concerning super and taxing super remain in place. This estimate only applies to your super account with this fund.

Getting help

Don't make changes to your retirement savings arrangements based on this estimate. Before you make changes, you should get further information or advice. Online calculators let you explore your potential retirement income in more detail. They let you personalise the estimate, and show how you can improve your retirement income. These calculators include:

- Sunsuper's Retirement Forecaster available at [sunsuper.com.au/learn/tools](https://www.sunsuper.com.au/learn/tools), and
- ASIC's MoneySmart retirement planner at [moneysmart.gov.au](https://www.moneysmart.gov.au)

Your statement in detail

Your preservation summary

This section shows when you can access your money. Under current law, preservation age varies according to birth date (see the table below).

Date of birth	Preservation age
Before July 1960	55
1 July 1960 - 30 June 1961	56
1 July 1961 - 30 June 1962	57
1 July 1962 - 30 June 1963	58
1 July 1963 - 30 June 1964	59
After 30 June 1964	60

Your beneficiaries in detail

This lists the people you nominated to receive your death benefit from your account when you die. If you made a

- preferred beneficiary nomination, it acts as a guide for the Trustee, who in most cases will pay your benefits to your preferred beneficiary(s), but not always, as the Trustee has a responsibility to make sure your benefits are distributed in an appropriate manner.
- binding beneficiary nomination, the Trustee has no discretion and is bound to pay your death benefit to your nominated beneficiary(s) provided the person(s) nominated is your dependant or legal personal representative, the proportion of benefit to be paid to each person is readily ascertainable, the nomination is valid and less than 3 years old, and there is no contrary court order. You may confirm, amend or revoke a binding nomination at any time.

It's important to regularly review your nominated beneficiaries as your life changes. For more information on the types of beneficiaries you can nominate please refer to the latest *Sunsuper for life guide*, visit [sunsuper.com.au/beneficiary](https://www.sunsuper.com.au/beneficiary) or contact us.

Your investments

This section shows you how your money was invested.

Net investment earnings

This section shows the amount of money your investment has made, or lost, over the year, after Investment fees and costs and investment taxes.

Contributions

This section lists any contributions that have gone into your account, including contributions made by your employer, you or the Government. Contributions shown under the Employer compulsory contributions section include amounts advised by your employer that are required to be paid under your employment agreement. If you would like more information on ways to contribute to your account or information on any maximum contribution caps that could apply visit [sunsuper.com.au/caps](https://www.sunsuper.com.au/caps)

Transfers and roll-ins

This section lists any roll-ins or transfers we have received for you from other superannuation funds.

Investment earnings distribution

If you were transferred automatically into Sunsuper from another fund and later received an additional allocation following the wind-up of your former fund, this has been shown in your *Annual statement* as an 'Investment earnings distribution concessional' or 'Investment earnings distribution'. You will have been notified separately if this applied to you.

Insurance proceeds

This section lists the proceeds of any insurance claims paid into your account.

Withdrawals and transfers-out

This section lists any withdrawals or transfers out of your account including any payments made to the ATO (for example, for amounts in excess of contribution caps or withdrawals under the First Home Super Saver Scheme). Note that any payments you may have received under the COVID-19 early release scheme are shown in this section as "Compassionate grounds".

Tax

This section lists tax deducted from your account but does not include withdrawal tax or investment tax.

No TFN Tax

If you did not provide us with your TFN a 32% No TFN contributions tax is applied to your employer contributions, including salary sacrifice, and will be shown in the tax section of your statement. If you provide us with your TFN, we may be able to claim this amount back from the ATO and refund it to your account. Any refund will be shown as No TFN tax rebate. To provide your TFN call us on **13 11 84**.

Your insurance at 1 July 2021

This section shows your amount of insurance cover and the cost applicable to your insurance cover (if any) as at 1 July 2021. You might like to take this opportunity to review your insurance and contact us if you would like to apply for cover, or change, or cancel the cover you have. Insurance cover shown on the *Annual statement* is subject to the terms and conditions outlined in the *PDS*, Insurance guide and group life policy documents in effect at the effective date of your *Annual statement*. This cover may be based upon certain assumptions in relation to you which may not be factually correct and as a consequence may result in you being ineligible to claim insurance benefits or being ineligible for different levels of cover. These eligibility conditions include, but are not limited to, employment status, cover type and the receipt of employer contributions. Premiums are calculated weekly and normally deducted from your account each month. It's also important to remember that changing employers or redirecting your superannuation guarantee contributions to another fund can impact your insurance so make sure you check with us.

For more information about insurance cover and how you can apply for more, call us on **13 11 84**.

Your death benefit

Your death benefit consists of your account balance (at the time the benefit is paid) and your insurance benefit if you have active cover through Sunsuper at the time of your death.

Your Total & Permanent Disability benefit

Your Total & Permanent Disability benefit consists of your account balance (at the time your benefit is paid) and your insurance benefit if you have active cover through Sunsuper at the time the disablement occurs. It's important to note that if you have Total & Permanent Disability Assist cover (Sunsuper for life and certain *Sunsuper for life Corporate plan members* only), your insurance benefit may be paid as up to a maximum of six support payments rather than a lump sum.

Additional Insurance Information

Sunsuper for life members – your level of cover or amount of premium may change on your birthday each year. If you have insurance cover through Sunsuper, and leave your Sunsuper employer, your cover will generally continue until you cancel it, or until it stops in the circumstances specified in the *Sunsuper for life Insurance guide* (including automatic cancellation as outlined below).

Sunsuper for life Business members – your cover is calculated on a monthly basis, usually on the first day of the month. The amount of insurance will be based on your latest salary as advised by your employer to Sunsuper. The premium is based on this cover and may vary during the year. Your Income Protection cover generally stops when you stop working for your employer. If you start employment with another employer within 120 days, your Income Protection cover may re-start without evidence of health, if you provide proof acceptable to the insurer of your new employment and occupational status. When you

stop working for your Sunsuper employer, it's important to let us know. Refer to your latest *PDS* and *Plan information factsheet* to determine what insurance cover is available to you, and what happens if you leave your current employer.

Sunsuper for life Corporate members – your Income Protection cover generally stops when you stop working for your employer. If you start employment with another employer within 120 days, your Income Protection cover may re-start without evidence of health, if you provide proof acceptable to the insurer of your new employment and occupational status. When you stop working for your Sunsuper employer, it's important to let us know. Refer to your latest *PDS* and *Corporate Insurance guide* to determine what insurance cover is available to you, when cover and premiums change and what happens if you leave your current employer.

Automatic Cancellation

Insurance cover will stop if your account has not received an Eligible Contribution¹ in the past 12 months and you have not elected in writing to keep your cover, or if there is not enough money in your account to pay the premium and it remains unpaid for 4 months. Where we have valid contact details, we will contact you advising the date your cover will stop and letting you know what you need to do if you want it to continue. It is possible that even though your statement shows you had insurance cover at 1 July 2021 your cover may have stopped on or before 1 July 2021 or between 1 July and the date we have provided you your *Annual statement*. If this applies to you, you will have already received, or should shortly receive confirmation of this.

¹Includes Superannuation Guarantee, additional Employer contributions, personal contributions (including voluntary contributions, and contributions made by a spouse), rollovers and automatic transfers from other funds. They do not include co-contributions or the low income super tax offset.

Insurance in Superannuation Voluntary Code of Practice

Sunsuper adopted the Insurance in Superannuation Voluntary Code of Practice (Code) when it was introduced from 1 July 2018. The Code is the superannuation industry's commitment to high standards when providing insurance to members of superannuation funds. The Code contains standards we will uphold when providing insurance benefits to you. Please refer to [sunsuper.com.au/insurance](https://www.sunsuper.com.au/insurance) for more information on the Code.

Need to make a Claim?

It's important you contact us immediately, so we can make the process as easy as possible and support you. Contact us on **13 11 84** - We're here to help at no cost to you! Sunsuper's experienced Claims Representatives will guide you through the claims process. Alternatively, visit [sunsuper.com.au/claims](https://www.sunsuper.com.au/claims) for more information on the process.

Additional explanation of fees and costs

Administration fees

Administration fees are generally deducted weekly. The Administration fees table shows the total Administration fees you paid over the 2020/21 year. To view a detailed list of transactions on your account, log in to *Member Online*.

Other fees

This amount includes any advice fees or family law legislation fees. Where you have agreed for an ongoing advice fee to be debited from your Sunsuper account you have the option to cancel this at any time by notifying us in writing or by calling us on **13 11 84**.

Investment fees

Investment fees were not deducted directly from your account. Instead they were deducted daily from the investment options as part of the calculation of daily unit prices. To allow you to better understand the effect of these fees on your account balance, we show them as an approximate dollar amount.

Indirect costs of your investment

Indirect costs were not deducted directly from your account. Instead they were incurred within underlying investments and deducted from investment returns prior to the calculation of daily unit prices. To allow you to better understand the effect of these costs on your account balance, we show them as an approximate dollar amount. The estimated indirect cost ratio for your investment in 2020/21 is the ratio of the total indirect costs to your average account balance over the financial year.

Fee cap

If your account balance (or, if you have multiple accounts, your total balance across all the Sunsuper accounts you hold) is less than \$6,000 at 30 June of a financial year, the total combined amount of administration fees, investment fees and indirect costs charged to you is capped at 3% of the balance. Any amount charged in excess of that cap must be refunded.

Insurance fees

Insurance premiums in *Sunsuper for life* (Tailored Income Protection only), *Sunsuper for life Business* and most *Sunsuper for life Corporate* plans include an insurance fee to offset Sunsuper's costs of providing the cover. Refer to the relevant *Insurance guide*, available at sunsuper.com.au/pds or your employer's Sunsuper microsite for more information.

Transactional and operational costs

Transactional and operational costs are incurred by underlying investment managers and include explicit and implicit costs. Explicit costs include brokerage, settlement costs (including custody costs) and stamp duty, which are included in the indirect costs of your investment. Implicit costs are effectively the difference between the price for the purchase and sale of an investment asset, and are not included as part of any other investment fee or cost. Transactional and operational costs are an additional cost to you, however are not paid from your Sunsuper account as they are always incurred indirectly and as such are included in your net investment returns. The amount of transactional and operational cost that applied to each investment option in 2020/21 (calculated using actual costs and reasonable estimates of actual costs incurred) are shown in the following table.

Investment option	Transactional and operational costs (% p.a. of your balance)
