How we invest your money

The Cash Pool and Cash investment option invest in interest bearing accounts with authorised deposit-taking institutions. In connection with a merger involving Members Equity Bank Limited ABN 56 070 887 679 and Bank of Queensland Limited ABN 32 009 656 740, deposits previously held by Members Equity Bank Limited were transferred to Bank of Queensland Limited.

For the PDS, references to ME Bank Limited (ABN 56 070 887 679) on page 6 are replaced by **ME Bank (a division of Bank of Queensland Limited ABN 32 009 656 740)**.

Investment fees and costs and transaction costs

The investment costs component of investment fees and costs, and the transaction costs, are generally calculated based on actual costs incurred in the previous financial year. Performance fees are generally calculated based on an average of the previous 5 financial years of performance fees.¹ Where actual amounts are not available, reasonable estimates are used.

For the PDS, we calculated investment fees and costs and transaction costs for the 2023–24 financial year before the end of the financial year, using the investment cost, transaction cost and performance fee information that was available at the time it was prepared.

Following the end of the 2023-24 financial year, we recalculated these amounts, using updated investment cost, transaction cost and performance fee information and relying less on reasonable estimates.

As a result, the investment fees and costs and transaction costs for several of our investment options have been updated.

¹ With the exception of the High Growth Index option, which started on 1 July 2024. Investment costs, transaction costs and performance fees for this option are calculated based on reasonable estimates for the 2024-25 financial year.
