

Important update Super Savings Product Disclosure Statement for Income Account and Lifetime Pension

13 11 84 | art.com.au

1 November 2024

The below updates apply to the Super Savings Product Disclosure Statement for Income Account and Lifetime Pension issued on 8 July 2024 (PDS).

Please read this Important update with the PDS.

How we invest your money

The Cash Pool and Cash investment option invest in interest bearing accounts with authorised deposit-taking institutions. In connection with a merger involving Members Equity Bank Limited ABN 56 070 887 679 and Bank of Queensland Limited ABN 32 009 656 740, deposits previously held by Members Equity Bank Limited were transferred to Bank of Queensland Limited.

For the PDS, references to ME Bank Limited (ABN 56 070 887 679) on page 88 are replaced by **ME Bank (a division of Bank of Queensland Limited ABN 32 009 656 740)**.

Investment fees and costs and transaction costs

The investment costs component of investment fees and costs, and the transaction costs, are generally calculated based on actual costs incurred in the previous financial year. Performance fees are generally calculated based on an average of the previous 5 financial years of performance fees.¹ Where actual amounts are not available, reasonable estimates are used.

For the PDS, we calculated investment fees and costs and transaction costs for the 2023–24 financial year before the end of the financial year, using the investment cost, transaction cost and performance fee information that was available at the time it was prepared.

Following the end of the 2023-24 financial year, we recalculated these amounts, using updated investment cost, transaction cost and performance fee information and relying less on reasonable estimates.

As a result, the investment fees and costs and transaction costs for several of our investment options have been updated.

¹ With the exception of the High Growth Index option, which started on 1 July 2024. Investment costs, transaction costs and performance fees for this option are calculated based on reasonable estimates for the 2024-25 financial year.

Fees and costs summary – Income accounts

| Super Savings Income Account | | |
|--|--|--|
| Type of fee or cost | Amount | How and when paid |
| Ongoing annual fees and costs¹ | | |
| <i>Administration fees and costs</i> | \$1.20 per week | We generally deduct it each week in arrears from your account if you have a balance. We don't prorate for partial weeks. |
| | Plus 0.10% p.a. on the first \$500,000 of your account balance | We generally deduct it each month in arrears from your account. It is pro-rated for partial months. |
| | Plus 0.07% p.a. | When the administration costs exceed member administration fees collected these costs are met from our general reserve, not from your account balance or investment returns. We estimated this amount as 0.07% p.a. for the year ending 30 June 2024. |
| <i>Investment fees and costs^{2,3}</i> | 0.07% p.a. – 1.67% p.a. of your account balance. The investment fees and costs vary according to which investment options you choose. See the table on page 105 for the specific investment fees and costs for each investment option. | Calculated on a daily basis and deducted from investment returns before we declare the unit price on business days. |
| <i>Transaction costs³</i> | 0.00% p.a. - 0.07% p.a. of your account balance. The transaction costs vary according to which investment options you choose. See the table on page 105 for the specific transaction costs for each investment option. | Calculated on a daily basis and deducted from investment returns before we declare the unit price on business days. |
| Member activity related fees and costs | | |
| <i>Buy-sell spread</i> | Nil | |
| <i>Switching fee</i> | Nil | |
| <i>Other fees and costs⁴</i> | Other fees and costs may be deducted from your account, such as advice fees for personal advice. We describe fees and costs that may apply to your account in 'Additional explanation of fees and costs'. | |

¹ If your account balance for a product offered by the superannuation entity is less than \$6,000 at the end of the entity's income year, certain fees and costs charged to you in relation to administration and investment are capped at 3% of the account balance. Any amount charged in excess of that cap must be refunded. ² Investment fees and costs includes an amount of 0.00% p.a. to 0.81% p.a. for performance fees. The specific performance fees for each investment option and the calculation basis for the performance fees is set out under 'Additional explanation of fees and costs'. ³ The investment fees and costs and transaction costs are estimates only. We explain the calculation basis for investment fees and costs and transaction costs under 'Additional explanation of fees and costs'. ⁴ Refer to 'Additional explanation of fees and costs' for details.

Example of annual fees and costs for superannuation products – Income accounts

This table gives an example of how the ongoing annual fees and costs for the Balanced Risk-Adjusted option for this superannuation product can affect your superannuation investment over a 1-year period. You should use this table to compare this superannuation product with other superannuation products.

| EXAMPLE – Income account Balanced Risk-Adjusted option | Balance of \$50,000 | |
|--|--|---|
| Administration fees and costs | 0.17% p.a. ¹ of your account balance plus \$1.20 p.w. | For every \$50,000 you have in the superannuation product you will be charged or have deducted from your investment \$85 in administration fees and costs, plus \$62.40 regardless of your balance. |
| PLUS Investment fees and costs | 0.46% p.a. | And , you will be charged or have deducted from your investment \$230 in investment fees and costs. |
| PLUS Transaction costs | 0.04% p.a. | And , you will be charged or have deducted from your investment \$20 in transaction costs. |
| EQUALS Cost of product | | If your balance was \$50,000 at the beginning of the year, then for that year you will be charged fees and costs of \$397.40 for the superannuation product. |

Note: *Additional fees may apply. The above table showing an example of annual fees and costs for our Balanced Risk-Adjusted option is illustrative only and based on the assumptions listed. The actual amount of fees and costs can vary depending on your investment option and other factors.

¹ A portion of the administration fees and costs are paid from the Fund's reserves, being 0.07%, which for a \$50,000 balance is \$35 of fees that will therefore not be deducted from your account. Please see 'Additional explanation of fees and costs' for more information.

Cost of product for 1 year

The cost of product gives a summary calculation about how ongoing annual fees and costs can affect your superannuation investment over a 1-year period for all superannuation products and investment options. It is calculated in the manner shown in the 'Example of annual fees and costs'.

The cost of product information assumes a balance of \$50,000 at the beginning of the year. (Additional fees such as a buy-sell spread may apply. Refer to the Fees and costs summary for the relevant superannuation product or investment option.) You should use this figure to help compare superannuation products and investment options.

| Investment option | Cost of product ¹ |
|-------------------------------------|------------------------------|
| High Growth | \$507.40 |
| Balanced | \$477.40 |
| Conservative-Balanced | \$477.40 |
| Conservative | \$457.40 |
| Balanced Risk-Adjusted | \$397.40 |
| Socially Conscious Balanced | \$497.40 |
| High Growth Index | \$192.40 |

| International Shares Unhedged Index | \$192.40 |
| Listed Property Index | \$187.40 |
| Unlisted Assets | \$1,012.40 |
| Bonds Index | \$187.40 |
| Cash | \$182.40 |

¹ A portion of the administration fees and costs are paid from the Fund's reserves, being 0.07%, which for a \$50,000 balance is \$35 of fees that will therefore not be deducted from your account.

Investment fees and costs and transaction costs for each investment option

We charge investment fees and costs to manage each investment option. The investment fees and costs include the internal costs of managing investments and may include investment project related costs.

The investment fees and costs and transaction costs are estimates only. The investment fees component of investment fees and costs is estimated based on recent experience and our expectations for the financial year ending 30 June 2025. The investment costs component of investment fees and costs, and the transaction costs, are generally calculated based on the actual costs incurred for the year ending 30 June 2024. Where actual costs were not available, we've used reasonable estimates of actual costs.

The Balanced Risk-Adjusted option became available to Super Savings members on 1 July 2024 but has previously been available to QSuper account holders. The investment costs component of investment fees and costs, and transaction costs, shown for this option are based on QSuper cost information for the year ending 30 June 2024. Our High Growth Index option started on 1 July 2024. The investment costs component of investment fees and costs, and transaction costs, are calculated based on reasonable estimates for the 2024-25 financial year.

The actual amount you'll be charged will depend on the actual fees and costs the Trustee incurs in managing the investment option.

Investment fees and costs include an amount for performance fees, which are calculated differently. We describe performance fees and set out the performance fees for each option in the table on page 106.

| Investment option | Investment Fees and Costs (% p.a.) | Transaction costs (% p.a.) |
|-------------------------------------|------------------------------------|----------------------------|
| High Growth | 0.66 | 0.06 |

Performance Fees

We generally incur investment fees and costs from our investment managers based on a percentage of the market value of the funds managed. In some cases, managers may have a lower base fee plus a performance fee that we pay if assets they manage beat certain performance targets.

Performance fees form part of investment fees and costs. They're part of the amounts we show you as investment fees and costs in this PDS.

We believe that performance fees encourage our investment managers to try to deliver sustained investment performance.

Performance fees are difficult to predict because they are based on future investment performance of many underlying investments. They're not based on the performance of the whole investment option.

Where possible, we show you performance fees that are an average of the previous 5 financial years.

Australian Retirement Trust Super Savings started on 28 February 2022 and adopted the investment strategy of the former Sunsuper for life. For periods before this date, we've used equivalent Sunsuper for life fee data.

The Balanced Risk-Adjusted option became available to Super Savings members on 1 July 2024 but has previously been available to QSuper account holders. The performance fees shown for this option are an average of the previous 5 financial years, based on QSuper investment fee and cost information.

Our High Growth Index option started on 1 July 2024. Performance fees for that option are based on reasonable estimates for the 2024–25 financial year.

The actual performance fees you are charged may be higher or lower because of performance by various underlying investment managers.

| Investment option for Income accounts | Performance fees (% p.a.) |
|---------------------------------------|---------------------------|
| High Growth | 0.26 |
| Balanced | 0.20 |
| Conservative-Balanced | 0.19 |
