

### SuperRatings Assessment

Australian Retirement Trust is one of Australia's largest superannuation funds following the merger of QSuper and Sunsuper in March 2022. The fund was nominated as a finalist for the 2024 MySuper of the Year, 2024 Net Benefit, 2024 Advice Offering, 2024 Lifetime Return and 2024 Smooth Ride awards. ART-Super Savings-Accumulation Account is designed to help members manage their superannuation through from their working life to retirement.

The MySuper Lifecycle investment strategy reduces investment risk by transitioning the members to more conservative strategies as they get older, with investments gradually switched from the High Growth Pool to the Balanced and Cash Pools from age 50 to 65. Choice members have access to 8 diversified and 7 single sector options. The Lifecycle Balanced Pool option outperformed the relevant SuperRatings Index over all time periods assessed to 30 June 2023.

Fees are lower than the industry average across all account balances assessed, with the asset-based administration fee charged on account balances up to \$500,000 only. The fund does not charge an investment switching fee or a buy/sell spread.

A full suite of insurance cover is offered, with Standard Death and Total & Permanent Disablement (TPD) insurance cover automatically provided to eligible members upon joining the fund. Opt-In Income Protection (IP) provides eligible new members with a benefit payment period of 2 years following a 90-day waiting period, covering up to 85% of salary, while 5 year or to age 65 benefit periods with 30, 60- or 180-day waiting periods can also be accessed through the Tailored IP cover.

Additional benefits available include access to financial planning services, educational materials in the education hub, and interactive tools and calculators. The Member Online portal and mobile app further allow members to view account details and perform transactions.

*A "best value for money" superannuation fund. Well balanced across all key assessment criteria in a robust, secure and proven risk framework. The fund provides features that should assist most individuals to meet their retirement savings goals.*
