

## SuperRatings Assessment

Australian Retirement Trust is one of Australia's largest superannuation funds following the merger of QSuper and Sunsuper in March 2022. The fund was nominated as a finalist for the 2023 Pension of the Year, the 2023 Net Benefit and the 2023 Smooth Ride awards. ART-Super Savings-Retirement Income Account is designed to provide a whole of life solution, helping members manage their superannuation from the beginning of their working life through their retirement.

Members have access to an investment menu comprising 7 diversified and 11 single sector options, including both actively managed and index investment strategies, as well as the Today and Tomorrow Strategy. The Balanced option delivered strong returns, outperforming the relevant SuperRatings Index over all time periods assessed to 30 June 2022.

Fees are lower than the industry average across all account balances assessed, with the asset-based administration fee charged on account balances up to \$800,000 only. The fund does not charge an investment switching fee or a buy/sell spread.

An excellent level of flexibility is offered, with members able to select from 5 payment frequencies, ranging from fortnightly to annually. Members with more than one investment option can nominate the proportion of payments to be drawn from each option or have their payments made proportionately across their investments. Beneficiary options are comprehensive, including both binding and non-binding nominations, as well as reversionary pensions.

Additional benefits available include financial planning services, educational materials in the education hub, and interactive tools and calculators, as well as the ability to view account details and perform transactions online. A Retirement Bonus of up to \$5,100 is also provided to eligible new members.

*A "best value for money" superannuation fund. Well balanced across all key assessment criteria in a robust, secure and proven risk framework. The fund provides features that should assist most individuals to meet their retirement savings goals.*

*You should contact your financial adviser or this fund before making an investment decision.*
